Advanced Technical Products

Advanced Technical Products has been manufacturing and formulating protective coatings for over 35 years. Serving the foundry, forging, heat treating and primary metals industries. ATP coatings protect and lubricate both ferrous and non-ferrous metals over a wide range of temperatures and atmospheres

Boron Nitride Coatings

- Water-Based
- Cost-Efficient
- Coatings come in varying degrees of hardness
- Custom Formulated
- Excellent Erosion Resistance
- High Wear Protection

Stop-off Coatings

- Cost-Efficient
- Non-flammable, contains no solvents
- Water-Based and user-and-environmentally friendly
- An alternative to expensive coatings and processes, such as copper plating
- Excellent shelf life
- Makes heat-treated parts easy to remove and clean
- Minimizes handling and disposal problems
- Easy-to-apply, may be dipped, sprayed, flow-coated, or brushed
- Formulated to customers' specifications
